I am requesting a "Summer Bridge Deferment" to extend the benefits of my current deferment through the summer. In the upcoming fall term, I intend to be eligible for an In-school deferment again.

In the upcoming fall term, I expect ____ / ____ / ____ to be my first day of class at the following school: _____. I understand that my summer bridge deferment will continue until I receive my fall deferment, but only if:

- Your office receives a request for deferment or a comparable form, proving my deferment eligibility no more than 30 days after the date listed above, and
- My request for deferment or comparable form is fully and properly completed by me and the institutional registrar to prove my deferment eligibility.

I also understand that if I do not provide you with the request for deferment or comparable form as described above:

- I will resume repayment on my loan(s),
- Your office will send me a repayment schedule, and
- Any unpaid interest that accrues on my loan(s) since my last deferment ended will be billed to me.

Summer Bridge Deferment Request

Summer Bridge is a term used to describe the link between two study deferments; it allows borrowers to apply for and receive deferment privileges during the summer period. The study deferments for which most borrowers are eligible are those based on full-time or half-time enrollment.

To receive a Summer Bridge Deferment before the fall semester begins you must have been entitled to a study deferment during the spring semester and you must provide the Coordinating Board with a written "Statement of Intent". This statement includes your request for the deferment and certification that you intend to be eligible for at least half-time or full-time fall study deferment. On the front of this form is the Statement of Intent for your use in requesting the Summer Bridge Deferment.

Hinson-Hazlewood Federal Insured Student Loans (FISL) and some Stafford loans carry federal interest subsidy benefits; interest accruing during periods of deferment is paid by the U.S. Department of Education. However, all interest on Supplemental Loans for Students (SLS) and College Access Loans (CAL) is charged to the borrower as it accrues during deferment periods. Therefore, if you can remit payments of any amount during a deferment period for a CAL or SLS loan, it is advisable.
